

Internal Quality Assurance Cell (IQAC)

Stakeholders Feedback Analysis (2019-20)

Presented in Meeting No. 11 of IQAC dated:-February 22, 2020

Introduction:-

Feedback is the fundamental component of two-way communication between a provider and a recipient. Efficient input from stakeholders, both favorable and unfavorable, is essential for the organization's ongoing development. This helps to identify the organization's advantages and disadvantages as well as its opportunities and challenges.

The organization establishes a stakeholder feedback policy on curriculum during every Governing Council meeting for continual development in curriculum design. The main objective of this policy is to get feedback from stakeholders such as Students, Alumni, Employers, Faculty, Academic Experts and Parents to make the curriculum and syllabus to meet the expectations of the industry as well as research required in specific domains. Considering the above fact, we have the following feedback mechanisms to ensure the improvisation of curriculum.

Important Stakeholder:

Students – Provide prompt feedback on different programs and activities that assist in converting objectives into career opportunities and capacity building.

Alumni – Brand ambassadors, who convey the quality of TLP & professional success required to meet the global challenges.

Faculty – Serve as mechanisms for feedback on different physical and electronic channels, translating the departments or program's vision, mission, objectives, strategies, goals, targets, and results from time to time.

Employer – Plays pivotal role as end-users of services of our graduates and plug skill-gaps, if any between academia and industry expectations.

With quality assurance in our graduate studies and programs, staff, academic administration, R&D, and professional consulting services along with our global partners, this process of involving various stakeholders emphasizes the needs of students in general and industry in particular. Remedial actions are made possible by the dissemination, gathering, analysis, and display of structured feedback that has been duly completed by our stakeholders both online and offline. All of our stakeholders can review the feedback template and remedial measures report by visiting the website. The following procedures are used to gather stakeholder input at the department/institute level: Formulation of vision, mission, objectives, strategies, goals and policies to maintain quality.

- a. Attainment of PEOs/POs/PSOs/COs of various programmes offered.
- b. Identify & address curriculum gaps if any and strive for continual improvement.
- c. Participation in various internal/external Academic & Administrative Committees such as Governing Body, Academic Council, IQAC, student committees, Alumni Association meetings, DAC and PAC.
- d. Involvement in orientation and admissions processes through student awareness camps/workshops, structure induction programs and inter/intra-departmental meetings.

OBJECTIVES OF THE FEEDBACK SYSTEM

- Improve academic procedures of institution
- To improve teaching pedagogy and quality of delivery.
- To implement the remedial action and steps to improve the quality of education.
- Improve faculty quality.
- Improve the attainment of Graduate Attributes.
- Improve the academic, Innovation, research and development culture of the Institution.
- To improve the ambience and academic facilities of the institution

FEEDBACK MECHANISM

Feedback is obtained periodically from various stakeholders to enhance the academic/ professional/technical areas and motivate both students and staff to improve their performance. The feedback is used by the Department Heads, Principal, Director and if necessary, by top management to initiate remedial measures. Further, the Feedback from various sources would significantly contribute to improve performance of academic activities and effectiveness of Teaching learning process with ICT/ Modern-pedagogical techniques for the advancement of student's professional career.

Feedback on Teaching and Learning Process:

Feedback from students is obtained periodically in a structured manner in (online/offline) by the Heads of the Department/IQAC on a regular basis before/after Continuous evaluation, Semester/Session Closing, course/program exit survey, and alumni survey. Students assess the quality of Teaching learning process based on the specified criteria. The feedback & its analysis is submitted to DAB, PAC & IQAC for major academic decisions such as need based specialist programs, training, Orientation Courses, SDPs, faculty quality enhancement, academic resources improvement, to attain the satisfaction of students and to bridge the gap of need of students.

Feedback on Academic Performance:

Structured feedback form is designed with parameters, metrics, levels and scales both at the institute and department level for all the programs to enhance Teaching Pedagogy, student interactions, curricular doubts, industry practices, state of the art technology, use of ICT, communication, evaluation, subject knowledge, punctuality, real-life examples, inter/multidisciplinary nature of the subject, stated PEOs,POs, PSOs, COs, evaluation, course attainment/assessment, etc. The students fill their feedback to the best of their knowledge with utmost faith and honesty through a highly secure private login. This feedback helps in attainment of PO, PSO & CO's along with overall performance of students, faculty & institution and helps to improve the results of students and attainment of Graduate Attributes. This feedback is obtained from students, Employers, Alumni and parents.

Feedback on Ambience of Institute:

The institution provides sustainable and state of the art infrastructure. Assessment of these facilities is based on the structured feedback from various stakeholders including, students, faculty members, Alumni and parents and it helps in improving the infrastructure and facility for offering best in class academic, research & innovation environment in the campus.

All the surveys are helpful to the administrators to visualize their vision, change suitably their mission, strategies, targets and the ambition of stakeholders for sustainable development of both department and institutional leading to higher education and career advancement of young aspirants.
